

## ATTITUDE

1. Threatening; 2. Firm; 3. Kindly

1. The power of attitude:

1. The guiding factor in one's life.
2. Like the steering wheel of the car, attitude, determines the direction in which one goes.

2. Our attitude toward others:

1. If we manifest a spirit of understanding, of trying to make ourselves agreeable, of trying to be fair and carry our part of the load, we will have little trouble in making friends and getting along with others.

2. ON THE OTHER HAND: if we are quick to resent everything that displeases us, and to express our feelings in strong words and unpleasant language, we will find people shying away from us and actually seeking to avoid our company.

3. One's Attitude the determining factor of entrance into Christ's kingdom. Matt. 18:1-3.

1. It is far better to bow before God and accept his will than to maintain a haughty spirit and be lost at last.

4. Our attitude toward the church services determines all that we do. Rom. 13:11-14.

Acts 2:42; 1 Cor. 15:58; 2 Pet. 3:14.

5. Our Attitude the determining factor in our giving. 2 Cor. 9:1-7; Proverbs 11:24, 25.  
Matt. 5:7.
