NOTE

Our worship to God should be regular. It is not possible to maintain the correct attitude in worship to God if we are careless in the service that God would have us render to him. If we only eat one meal a week our physical bodies would soon perish. The same holds true in matters spiritual. We should be in the spirit on the Lord's day and other days as well if we are to be right with God. A careful study of the above outline will help us greatly in our worship.

The next sermon in this study will have to do with the Lord's Supper. What does the Lord's Supper mean to the Christian? How does it help us in our relation with God?

Read and study your Bible daily and you will be helped as you live each day the Christian life.
